LEHIGH UNIVERSITY
DATA SCIENCE MINOR DECLARATION FORM

Name:____________________________________________ Date: ______________________
       Last (Given Name)               First (Family Name)

Lehigh I.D. No. ______________________  College____________________  Class ________

Minor: DATA SCIENCE  Email ___________________________

Major: ___________________________________  Major Advisor: _________________________

The minor is open to undergraduates from all colleges, and requires a minimum of 16 credit hours. The minor field will be recorded on the student’s academic record but will not appear on the diploma. Please refer to the CSE Department website (www.cse.lehigh.edu) for details on the courses approved and requirements of the Data Science Minor.

The program director may approve additional data science-related electives.

Many of the courses that apply to the minor have prerequisites. These prerequisites do not count toward the minor, and students attempting to complete the minor are not recused from these prerequisites.

It is recommended that minor declarations are requested no later than their fifth semester.

Approved ___________________________________  Date _____________________________
       Minor Advisor (Brian Davison, BC 233)

Approved ___________________________________  Date _____________________________
       Associate Dean, RCEAS (only if Engineering College)
