Hello from your [Lehigh Materials Science and Engineering \(MSE\) Diversity, Equity, and Inclusion \(DEI\) Committee](#)! We share newsletters throughout the academic year to highlight DEI-related events, resources, and activities in our department, Lehigh community, and beyond.

This month, we are highlighting two MSE undergraduate students who have shown dedication to service in our department, university, and beyond: Alli Kemble ('26) and Metri Zughbi ('25)!

*Alli Kemble (left) and Metri Zughbi (right)*

**Alli Kemble** is a current junior in the Materials Science and Engineering department who enjoys spending time giving back to the Lehigh community and beyond. She volunteers at the PC Rossin College of Engineering and Applied Science open houses for prospective students and has represented our department for [CHOICES](#), an event for middle school girls to learn more about engineering and STEM. Alli is heavily involved in the Community Service Office (CSO), volunteering in the Homework Club and the Kids Night Out. She also volunteers at The Center for Animal Health and Welfare. Thank you for all that you do, Alli!

**Metri Zughbi** is a current senior studying Materials Science and Engineering who is heavily involved in our department. He currently serves as the Student Materials Society (SMS) President, organizing all our favorite events such as the welcome back picnic and the spring banquet. Metri is in his second year serving on the Safety committee and working for [Lehigh Microscopy School](#). We are so grateful for Metri's contributions to the department!

Sincerely,  
The MSE DEI Committee
