P.C. Rossin College of Engineering

AP & Transfer Credits and ALEKS Math Placement

P.C. Rossin College of Engineering & Applied Science
Jennifer Helmuth, First Year Advisor
Robin Armbruster, Undergraduate Administrative Specialist
Sabrina Jedlicka, Associate Dean for Academic Affairs
Susan Perry, Assistant Dean for Academic Affairs
Agenda

- Welcome
- Covid-19 Information Center - Fall 2021 status
- AP credits
- Transfer Credits
- ALEKS Assessment for Calculus Placement
- Anticipatory Exams
- How to reach us
- Q & A
Advanced Placement (AP) Credit

Be sure to have your AP scores reported to Lehigh!

- Log into the College Board site and confirm Lehigh University (school code 002365) has been selected to receive your scores.

- Departments Awarding Advanced credit
  
  - AP Credit available 2021-22
  - AP criteria is reviewed each academic year and is subject to change.
Advanced Placement (AP) Credit

July 16, 2021  AP Credit received by Lehigh from the College Board.
July 20, 2021  AP should be posted to your online transcript in Banner.

- Registration takes place shortly after we receive the last round of AP test scores.
- You may not register for any courses for which your AP credit will serve as the prerequisite until the credit is on your record. (e.g., AP credit for MATH 021 must be on record before you may register for MATH 022.)
Advanced Placement (AP) Credit

How to see your online transcript to check for credit:

- Log into Banner by going to connect.lehigh.edu.
- Under “Where to”, select Banner>Student Services tab>Student Academic Records>Academic Transcript
- Set the Transcript Level to “All Levels” and Transcript Type to “Advising” and click submit.

If your credit has been accepted and posted, you will see it listed as transfer credit here. If you do not see credit for your AP scores, double-check that you selected Lehigh University to receive your scores.
Transfer Credit

- Follow the [Transfer Credit Process](#) available on the FYS Enrollment website or Registration & Academic Services’ (RAS) [website](#).

- Only courses with grades of “C” or better are eligible for transfer evaluation.

- Begin the process with the [First-Year Approval of Transfer Credit form](#).
  - Complete this form with the credit awarding institution. Forms completed by the high school will not be accepted.
  - If the course is determined to be eligible for review, submit the course description & syllabus to RAS for referral to the appropriate Lehigh academic department for review.
Transfer Credit

- You must submit your official transcript from the credit awarding institution to Lehigh. Two options to do this are:
  - Electronic transcript, which is the preferred method. Official transcript must be sent directly from the other college or university to ras@lehigh.edu.
  - Paper Transcripts may be sent to:
    Registration & Academic Services
    Lehigh University
    27 Memorial Drive West
    Bethlehem, PA 18015
Math Placement & ALEKS Assessment

- MATH 021-Calculus 1 is the typical first semester Math course for engineering students if you DO NOT have AP credit/transfer credit for Math. However, there are other options available if you are not ready for MATH 021.

- The ALEKS Placement Assessment is a tool the Math Department uses to determine which Calculus course you should take in the fall semester.

- All students planning to take an introductory Calculus course (MATH 021 or MATH 075 in the College of Engineering) must take the ALEKS Assessment.
Math Placement & ALEKS Assessment

- Link to get to the ALEKS Assessment:
  
  go.lehigh.edu/ALEKS

- The assessment takes approximately 90 minutes.
  - ALEKS provides practice modules to help you improve in areas in which you scored lower.
  - You may take the assessment up to 5 times total. Improving your score could change your recommended placement.

- Your ALEKS score translates into the Calculus course you should start with in the Fall semester (MATH 021, MATH 075 or MATH 000).
Anticipatory Exams

- Available **during First Year Student Orientation** to students who studied college-level subjects in high school but did not take Advanced Placement (AP) exams or earn AP credit.

- You do NOT have to sit for an Anticipatory Exam to earn AP credit if you already scored sufficiently on your AP Exam to earn credit.

- Students **must pre-register for Anticipatory Exams**. Details will be available on your Summer Checklist and the Office of First Year Experience [website](mailto:fys@lehigh.edu).

- Contact the Office of the First-Year experience at [fys@lehigh.edu](mailto:fys@lehigh.edu) with questions.
